A Derangement of the Nervous System.

The great peculiarity and excellence of Dr. Christie's Galvanic Curatives, consists in the fact that they arrest and cure disease by our-seard application, in place of the usual mode of drugging and pheicking the patient, till exhausted Nature sinks hopelessly under the infliction.

75,000 Persons meluding all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nerv ous Complaints, have been

ENTIRELY AND PERMANENTLY CURED, when all hope of relief had been given up, and every thing else been tried in vain 's To illustrate the use of the GALVANIC BELT, suppose the case of a person adjicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford temporary retief, but which leave the patient in a lower-tate, and with in jured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT take a Dysapptic sufferer, even in the worse symptoms of an attack, and simply tie the Felt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation throughout the system. Thus the most severe cases of DYSPEFSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

REV. DR. LANDIS, A CLERGYMAN of New Jersey, of distinguished attainments and exalted re-DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIG BELT AND NEURLACE. My reply is

what has does the result in my own case, of the application of THE GALVANIG BELT AND NEUKLACE. My reply is as follows:

For about twenty years I had been suffering from Dyapepsia. Every year the symptems became worm, nor could I obtain permanent relief from any course of medical treatment whatever. About Jeanter years since, in consequence of frequent expecture to the weather, in the dicharge of my pasteral duties, I became subject to a severe Chronic Rheatmatism, which for year after year, caused an indescribable angulah. Farther: in the winner of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was stateded by the Brouchits, which soon became so versor as to require an immediate supparation of my pastered, and as my Brouchitis became worse, so also did my Dyapepia and Rheumatic infection—thus evincing that these disorders were connected with each other Scough the medium of the Nervous system. In the whole plus macoperia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every hing that I had tred for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1848. To ave onear agronium MERT, in two days my Despersia had one; in Eight Days I was recommended the BELT and FLUID to many whe have been likewise suffering from Neuralgie affections. They have tried them, with harpy resource, in severy case.

Palsy and Paralysis. All physicians acknowledge that these terrible diseases are caused by a deficiency of Nerseus Energy in the affected limbs. Do. Custorie's Galvanic Articles will supply this deficient power, and a complete and entire cure is thus effected.

Severe Deafness Cured. Severe Deafness Cured.

The following is an extract from a letter lately recaives from a distinguished physician in the State of Virginia:

"A. H. Christie, M. D.—Dear Sir: One of my patients, unknown to me, obtained your Galvenic Belt and Neckiece, with the Magnetic Finit, for a serious affection of Deafness. The case was that of a lady whose Nervous system was much disordered, and her general health poor. Much was done previously to the application of the Belt, but with very little success, and I feel it only right to tell you, that since she commenced wearing the Belt and using the Fluid, but a few weeks ago, she has ENTIRELY RECOVERED HER HEARING, and her general health is better than for several years."

DR. CHRISTIE'S GALVANIC BRACELETS Are found of vast service in cases of Convulsions or Fits, Spasmodic Compilaints, and general Nervous Affections of the Head and upper extremities. Also in Palsy and Paulysis, and all diseases caused by a deficiency of power of Nervous Energy in the limbs or other organs of the body.
